

TRAIN. PLAY. COMPETE

8 WAYS TO WORKOUT

-  **VIRTUAL ROWING**
Row through some of the world's most scenic destinations.
-  **GAMES**
Outrun hungry wolves! Escape from zombies! And many more!
-  **GUIDED PROGRAMS**
Designed by pro trainers and athletes, Guided Programs take you on-and-off the machine for a full-body workout.
-  **POWER PLAY**
Combine the visual excitement of games with guided programs as you earn points in a race towards your fitness goals.
-  **PROS VS JOES**
Test your progress against professional athletes and Olympians.
-  **COMPETITION**
Compete against friends and community members for all the bragging rights.
-  **PERFORMANCE**
Data-driven workouts that torch calories while building and toning muscles.
-  **COACHED PROGRAMS**
Beginner to expert programs with personal trainer and rowing coach, Austin Hendrickson AKA Training Tall.

WORKOUT YOUR WAY

Whether you're racing live against your peers, trying to out-row world-class athletes or being chased by a deadly Kraken, Aviron's Tough Series Rower will put an end to boring workouts and have you coming back for more.

THE FUTURE OF
CONNECTED FITNESS

TOUGH SERIES ROWER

ROWER TECHNOLOGY

The Tough Series Rower is a full commercial rowing machine designed to survive the usage demand of fitness facilities.

DUAL AIR & MAGNETIC RESISTANCE

Air resistance mimics that smooth on-the-water feel, while magnetic resistance lets you easily incorporate strength training into your routine with over 100lbs. of resistance with each stroke.

22" HD TOUCHSCREEN

A vibrant high-definition touchscreen allows you to navigate workouts and adjust resistance with ease. Also equipped with two 5W speakers and front-facing camera to capture your victory shot!

ADJUSTABLE HIP/LEG WIDTH

The only connected rowing machine that allows you to increase or decrease the width between feet, hips and legs to your measurements and comfort. Foot pad also adjustable for shoe size.

LOWER FRAME & ELEVATED SEAT

The combination of a low frame and elevated seat make Aviron the most accessible rower on the market. Step over easily and sit down comfortably every time. No more crouching!

COMMERCIAL-GRADE NYLON BELT

Operating at ~60 decibels (comparable to conversational volume), the Aviron rowing experience is both quiet and smooth.

PREMIUM CONSTRUCTION

Designed for long-term durability, Aviron's steel and aluminum construction coupled with over 1 million testing cycles, ensures your Aviron rower can withstand even the toughest of workouts.

4 REASONS WHY

You can't get this anywhere else. Industry-leading features unique to Aviron.

01

IMMERSIVE
ANIMATED GAMES

Fend off hordes of killer robots, play arcade-inspired classics or team up to battle space bugs as you fly through an enchanted forest.

02

DESIGNED FOR
ACCESSIBILITY

20" elevated seating for easy on-and-off. Increase or decrease the foot placement to your measurements and comfort.

03

PATENTED
AUTO-RESISTANCE

Resistance auto-adjusts to meet your needs so you can focus on your workout.

04

BEST-IN-CLASS
RESISTANCE

Add strength training to your routine with up to 100+ lbs. of resistance with each stroke.
